

MORE THAN JUST **SECURITY SYSTEMS**

We design integrated security solutions which go beyond

 www.eclipsesecurity.com.au

ABOUT OUR COMPANY

Eclipse Security Systems Pty Ltd has been providing commercial and industrial clients throughout Melbourne with high-end, high quality, tailored Security solutions since 2000. Over the years, Eclipse Security Systems has been at the cutting edge of technological innovation when it comes to Security Solutions. Eclipse Security is now considered at the forefront of the Security Industry within Victoria.

Specialists in **High Definition Surveillance Systems or CCTV, Access Control Systems** and Intrusion Alarm Systems. Eclipse Security Systems fosters a culture of providing honest expert advice on installing security systems and security solutions that suit the client's needs and budget.

Our head office is located in Hallam, Victoria, 30 minutes from the CBD (just off the M1).

WHY CHOOSE ECLIPSE SECURITY SYSTEMS?

- ✓ Solution Focused Technical Sales Consultants
- ✓ Qualified and Factory Trained Technicians & Projects Team
- ✓ Long Term Member of the Australian Security Industry Association
- ✓ Master Locksmiths Association Member
- ✓ Fully Licensed & Insured
- ✓ Ongoing Support and Customer Service

LICENSED AND QUALIFIED PROVIDERS

Eclipse Security Systems Pty Ltd has all the necessary licenses and insurances to operate in Victoria and works within the strict guidelines set down by the Australian Security Industry Association (ASIAL) and relevant Australian Standards.

Our factory-trained and accredited mobile technicians service the Melbourne area, ensuring a rapid response for repairs and service.

All technical staff and security consultants are registered security professionals with the relevant industry accreditations and licensing.

Eclipse Security Systems Technicians and Installers are trained and factory-certified to install our range of systems.

SYSTEMISED APPROACH

Eclipse Security Systems uses an integrated Job Management System and CRM (Customer Management System) to manage over 4000 individual sites and over 6000 jobs per year. These systems securely store the client's systems details, technical specifications and the complete account activity history, including site visits, services conducted and customer correspondence.

We also have a website www.eclipsesecurity.com.au, a great resource tool for our clients - separated into categories such as Commercial, Small Business, Builders & Trade. We provide information about the products we install, including user manuals, videos and contact information for sales, service and repair.
